ABOUT ED

Ed Fong is a Los Angeles City Council Graphics lettering artist for more than 36 years, began a lifelong passion for lettering at the age of 11 under the mentorship of his father Roy K. Fong, a student of William B. Wollman. Ed also maintains a freelance calligraphy business, specializing in formal certificates and retirement resolutions for various corporate, municipal and nonprofit clients. His calligraphic work is influenced by the engrossing style of the Zanerian College of Penmanship in Columbus, Ohio. In addition to teaching an occasional workshop, he currently mentors individual students in engrossing and illumination.

The instructor is donating his workshop fee to: WIRES to support animal recovery & the Australian Red Cross and Vinnies to support communities families rebuild.

ABOUT THE WORKSHOP

Learn how to letter with a bamboo stylus. Students will watch a detailed demonstration on how the stylus is handcrafted. Participants will make their own stylus from prepared components in the workshop. Learn a beautiful modified Italic miniscule alphabet. Discover the nuances of the finest hairlines, bold sweeping strokes with wispy endings with a single tool. Pointed pen applications with the stylus will also be explored. This workshop is open to all levels, although some lettering experience is helpful.

Workshop is limited to 20 participants. Sign-ups are accepted in advance on a first come, first served basis. No refunds unless your place can be filled from a wait list. If you must cancel, please do so early enough for your place to be filled. For confirmation and prompt receipt of supply list, we recommend that your payment arrive no later than two weeks before the workshop. You do not have a spot in the workshop until you are notified by the coordinator.
