**ABOUT THE WORKSHOP**

Copperplate is a generic term for a class script characterized by contrasting thick and thin strokes. It is a pointed pen script that evolved from a handwriting system developed in the mid 17th century called English Roundhand. The script that we will learn is based on the Zanerian Manual's Engrosser's Script.

In this class, we'll unravel the key concepts, learn how to manipulate our pens to create shapes that are fundamental to Copperplate letterforms and how to build up letters from those basic forms.

This class is for beginners and seasoned scribes looking to refine their script. No prior experience is required.

Workshop is limited to 20 participants. Enrollment is for current paid Society for Calligraphy members only. Your membership must be current at time of sign-up as well as when class is held. No reservation will be held until your dues are current. If your membership lapses, you become ineligible and your space will be filled from the waiting list. Sign-ups are accepted in advance on a first come, first served basis. No refunds unless your place can be filled from a wait list. If you must cancel, please do so early enough for your place to be filled. For confirmation and prompt receipt of supply list, we recommend that your payment arrive no later than two weeks before the workshop. You do not have a spot in the workshop until you are notified by the coordinator.
