Younghae Chung is a left handed calligrapher and a mom of 2 active boys in Irvine, California. After working in NYC advertising company and non-profit organization for 10+ years, she decided to follow her passion and officially launched "Logos Calligraphy + Design" in 2016. Her journey started in college when she learned italic calligraphy, but it wasn't until 2014 when her love for pointed pen calligraphy ignited. When she's not writing or working on her next project, she loves teaching others and passing on the love for penmanship!

If done correctly, a flourish should not take away from the letterforms, but add to it. In this intermediate workshop, we will cover basic rules of flourishing, how to add flourishes to both lowercase/uppercase letters elegantly, and learn how to incorporate basic florals, leaves with our calligraphy that will leave a lasting impression!

Note: This is **NOT** a beginner's workshop. Students should have a basic understanding and experience with Copperplate calligraphy.

Workshops are limited to 20 participants. Enrollment is limited to current paid Society for Calligraphy members only. Your membership must be current at time of sign-up as well as when class is held. No reservation will be held until your dues are current. If your membership lapses, you become ineligible and your space will be filled from the waiting list. Sign-ups are accepted in advance on a first come, first served basis. No refunds unless your place can be filled from a wait list. If you must cancel, please allow sufficient time for your place to be filled. For prompt receipt of supply list and confirmation, your check should arrive no later than two weeks before the workshop.
