These books are a selection of structures that incorporate bookmaking skills, art techniques that may be new to you while others are traditional, and the use of familiar tools/techniques and some that are unique to Yvonne Perez-Collins' methods. As calligraphers, you will see there are ways to bring lettering into each project. You will learn how to make a Flag Book from a landscape photo, make a 'durable' Recipe Journal that includes pockets for your favorite recipes, learn Suminagashi, and make four other styles of books. This workshop is suitable for students of all skill levels.

Yvonne will bring kits with supplies for all the projects. There will be a \$15 fee for the kit.

*You must be a member of the Society for Calligraphy to take this workshop. The membership form is on the SfC website: [www.societyforcalligraphy.org](http://www.societyforcalligraphy.org).*
