## Copperplate Style Calligraphy – Class Series

### 1. Copperplate Lowercase Writing \$95

Sat. 9AM-4PM, May 6, 2017

Traditional and modern variations of Copperplate script are all the rage, used by cutting-edge graphic artists and calligraphers. We'll start with the small letters (aka lower case), writing with something as simple as a pencil to learn the basic shapes and strokes, and then, progressing to the dip pen.

Register: <http://www.extension.ucr.edu/course/720597/ART87011/CopperplateLowercaseWriting>

### 2. Copperplate Techniques for Beautiful Writing \$95

Sat. 9AM-4PM, May 13, 2017

We will progress to writing elegant capital letters, numerals, and punctuation. You will learn tips for applying copperplate to a variety of calligraphy projects, including envelopes and artwork. And, we'll learn to add some very simple watercolor flowers for when that extra pretty touch is desired.

*Prerequisite: Session 1 OR similar copperplate experience*

Register: <http://www.extension.ucr.edu/course/720599/ART87012/CopperplateCapitalsandBeautifulWriting>

### 3. Copperplate Flourishing and Modern Variations \$95

Sat. 9AM-4PM, May 20, 2017

In this session, we will build on the “rules” that make for beautiful letters and learn to break those rules to give a modern influence to the writing.

We'll add flourishing—the beautiful swirls and loops that give Copperplate its wonderful extravagance.

*Prerequisite: Session 2 OR similar copperplate experience*
