

# 42<sup>nd</sup> Annual SFC Spring Retreat

## La Casa de Maria Memorial Weekend

### May 25-30, 2017

**Preparations for Retreat 2017 are underway.....**The Annual Spring retreat is a weekend that finds artists from all parts of California and beyond descending upon La Casa de Maria, a fabulous haven in beautiful Montecito. You will stay in newly-remodeled motel-style rooms, wonderful meals are served in the cafeteria with inside/outside dining. The site has a pool, tennis courts, masseuse on site and plenty of beautiful land for walking/hiking. Everyone works together in the Scriptorium, a large conference room with plenty of light. You work (or not) on your own projects with no phones or urgent demands. Some people bring their laptops, some bring fun projects to share with others, we usually always have some activity going on that you can or cannot participate in. If there is something you would like to share/teach with others please let Kristi know, she will love to get it scheduled. We love it when others share their special projects. The weekend is a perfect time for sharing/teaching and we hope you will want to but certainly no pressure. This is your Retreat! There are some activities around the surrounding area that are fun to go to. The annual chalk festival at the Santa Barbara Mission, shop in Santa Barbara and Montecito or visit area museums and those wonderful local art stores!
