**Annie Lawrence.** Well, I was pleasantly surprised, I thought our La Casa would be hard to replace, but Westmont was very nice, and again this year they are allowing us discounts because of La Casa's circumstances. I worried about the terrain knowing I'm not of college age by far! But it wasn't bad at all, unloading was right there, everything downstairs, rooms and scriporium. I would walk when I wanted to, the grounds are gorgeous, and then drive to park in close to everything. Parking lots all over campus, and fairly empty.

**Nancy Campbell.** This event is my favorite destination every year and I never miss it. It's the one time I can focus on creating and actually finish projects that up to then have been only in my mind. (I already know what I'll be doing this time.) And Westmont will be our location again. The area is so like Casa even though nothing can replace what we've enjoyed all these years. Beautiful campus, delicious food, comfortable rooms and very helpful staff. I can drive wherever I want to go. Walking isn't my strong point any more so this is very important. Most of all, I can spend a few days with my favorite people in the world - my second family - calligraphers!

**Lise & Carey Orwig.** We have been attending the Retreat since 1989, in fact that is where we met! The temporary loss of La Casa de Maria has not diminished the spirit of Retreat that we have known and loved. Last year's time at Westmont, while a different venue, had the same spirit. There were different oaks and vistas, different accomodations and food, and a different Scriptorium. We learned to get around the beautiful campus and grounds. The people were helpful and supportive. And the true spirit was the same - art and fun and laughter in the company of friends and people we love, all in the name of calligraphy.
