Monoline Lettering is such a great partner with beautiful, simple florals. In this course we will be doing several fun & unique styles of monoline letters enhanced by colorful flowers. Everyone can do this. It's relaxing, entertaining and challenging all at the same time. Barbara will instruct step-by-step processes to get the job done; no need to be a full-time or long-time artist. Results are stunning.

Barbara is an internationally known calligrapher/artist and teaches in southern California, across the USA and Canada, and will be teaching in Lake Havasu, Arizona. She thoroughly loves teaching and sharing with students. Her work includes a wide variety of lettering styles and mixed media applications, and has been in exhibitions across the country as well as many private collections. Her work has creative passion while showing the exhilaration of discovery in playful experimentations with skillful execution. She has taught at several International Lettering and IAMPETH conferences. Barbara designed the logo for Somerset Studio Magazine and The Calligraphy Collection font cartridge for Cricut. She has also designed several greeting cards for Marcel Schurman, now Papyrus.
