## ABOUT YUKIMI

My calligraphy journey started with Italic running hand - Chancery cursive based on Ludovico Vicentino degli Arrighi's - in the year 2000. I finally had a chance to view and handle his original wood block printing book on his instruction book *La Operina* (1522) in Vicenza Italy after 19 years of my journey. My love of Italic hand is always in my heart. I am re-studying this hand lately and would like to share my study with SFC members.

## ABOUT THE WORKSHOP

On the first day, we will start with basic structure of the form and spacing based on Edward Johnston's British instruction. Then we will write a short text from a very slow pace to rhythm and movement. On the second day we will study flourishing from Renaissance masters' works (Arrighi, Tagliente, Palatino and Cataneo) and will flourish our writing. We basically concentrate on minuscule for two days, but majuscule and their flourishing will also be presented. Basics of page design layout and margins will also be discussed.

Workshop is limited to 20 participants. Enrollment is for current paid Society for Calligraphy members only. Your membership must be current at time of sign-up as well as when class is held. No reservation will be held until your dues are current. If your membership lapses, you become ineligible and your space will be filled from the waiting list. Sign-ups are accepted in advance on a first come, first served basis. No refunds unless your place can be filled from a wait list. If you must cancel, please do so early enough for your place to be filled. For confirmation and prompt receipt of supply list, we recommend that your payment arrive no later than two weeks before the workshop. You do not have a spot in the workshop until you are notified by the coordinator.
