## Stunt Driving the Speedball C-2

with TODD JAMESON

Take the venerable Speedball C-2 nib out for a spin (at least a twist) and learn how to do almost everything your driving instructor/calligraphy teacher taught you NOT to do! Here's your chance to pick up a few new bad habits, spin some dragon tails, spit a little ink, and defy the rigid angular Hierarchy in a fun-filled afternoon of hijinx, happenstance and hilarity!

Todd Jameson has been lettering poorly since the 2nd grade, but has improved a bit after he took his first calligraphy class in 1977. After 40 years, he's still practicing and never plans to quit. He is a long-time member of the SFC, learned most of his chops at Ghost Ranch in New Mexico, has probably forgotten more than he ever learned in the first place, and has a new kitten who is hugely disruptive.
