## *The "Flash" book: a variation of the Flag Book* with Sylvia Kowal

The structure of this common book form will be enhanced with an unusual cover that will look like metal. Using a common item at Home Depot, All Weather Flashing Tape, a unique acrylic pressure sensitive adhesive product, will stick to the book boards.

The surface will be textured and colored to look like tin. The inside pages will contain envelopes to hold messages, gift cards or money!

Nothing to bring: all materials and supplies will be cut and be provided.

## *Play Letters* with Carri Imai

Come learn an easy method of creating playful, funky letters. Please bring:

- a large pen (Automatic, Blue cap Parallel Pen, Luthis Flat, Horizon, Coit, or other large pen)
- Ink (prefer Walnut or Pelikan 4001),
- a few sheets of layout bond paper.
